

Dear Madam!

We`d like to write You what is interesting for our town. At first You can visit the Room of Hana Zelinova. She was Slovak writer who comes from Vrutky. Her works were filmed. It is placed in town-council. Then You can visit the exhibition of Jan Bodenek it is the next Slovak writer from Vrutky. It is placed in the town library. He wrote books for children. You can visit our catholic church from the year 1900. In the town is the cinema (Kino 1. máj). There is an exhibition of pictures and photos of people who live in Vrutky. It is open from 3pm to 7pm. This exhibition is very interesting.

There are some pubs in the town too. The most popular is Harley-Davidson pub. This is very nice.

And in the end, if You want to visit our mountains, You can mount to Kl'áčianská Magura. From this place is very nice view on Martin and Vrútky. It takes just 1,5 hour. In Martin You can visit lot of historical memories too. There are very interesting museums. The most popular is Museum of Slovak village.

So these places are the most popular. If You want I can guide You and show You our town. It is no problem.

Best Regards!
